THE PIMLICO SLATE WORKS.—Patronised by Royalty, the Heads of the Nobility, the Clergy, Architects of Eminence, Builders, Railway Companies, and the Public generally.—MAGNUS'S ENAMELLED SLATE continues standing the test of time, and the numerous orders received for it are strong proof of its excellence. It is now brought to a higher perfection than ever, and is rendered harder, more durable, and very much cheaper than formerly. Price lists and a sheet of drawings sent to any part of the kingdom gratis. Cisterns, Filters, Dairy and Larder Shelves, Wine Cellar Fittings, Slabs, and every variety of plain Slate Work, at prices that defy competition.—59 and 60, Upper Belgrave-place.

VALENTIA SLATE SLABS.—The Valentia Slab Company invite attention to their Slabs now supplied, of very large dimensions and of superior quality. They have been used at the British Museum, National Gallery, Soldiers Homes, various Lunatic Asylums, the Ordnance Works, Model Prisons, Public Offices, and other Establishments. Working Plans in Detail, Price Lists, and Testimonials may be had at the Stand at Highbury, Portsmouth Barracks, and have been supplied in large quantities at Freeman's Wharf, Mill-bank-street; also by Messrs. SHARPE, Tenby-street; and Messrs. BEASTS, Belvidere-road, where terms may be obtained.

STIRLING'S BELVEDERE SLATE WORKS, Belvidere-road, Lambeth, a reduced list of prices of the best WELCH SLATE, cleaned ready for use, and to any size or appointment specified, being made, and delivered to carriage among. The extensive scale these advertised for, enables a prompt

List of prices at the quarries and depots, also cost for transit to any part of the kingdom, furnished on application.

MARKET WHARF, REGENT'S-PARK BASIN.—MARTIN and WOOD solicit the attention of Builders, Masons, and others, to their stock of Portland, York, and Derby Stone; also Bunger Slates, Limes, Cements, Plaster, Bricks, Tiles, Lintels, Fire-grate, Fire-clays, &c., sold at the lowest possible prices for Cash. Portland Road-stone, Ballast, Sand, Crops, Hoggin, &c., sold to order on the shortest notice. Travelling hut on hire. A Stock of Horton's Patent Stone Pipes, Syphons, &c., always on hand. Mortar, Lime and Hair, Fine Stuff, &c. Prompt attention paid to country orders.

CORSHAM-DOWN, and other BATH and PAINSWICK STONE.—MARTIN and WOOD beg to inform their Friends and the Building Trade generally that all Orders and Inquiries for the above Stone will be promptly attended to if addressed to MARKET-WHARF, REGENT'S PARK-BASIN.

CAEN and AUBIGNY STONE.—Gates and Graves, late of the firm of LEARD, BEEDHAM, and Co. Quarrymen and General Stone Merchants, Caen Wharf, Caen-street, London, and Caen, Normandy. Depôt—Chepstow Granite Wharf, Lambeth; Mona-street, Mount Pleasant, Liverpool; Castle Fields, Manchester. Mr. Steadman, Agent at Liverpool and Manchester.—Information and samples forwarded on application to Caen Wharf, Rotherhithe.—Samples may be seen at the office of "The Builder."

PAVING, 2s. 9d. PER SQUARE YARD. Basements, Foot-paths, Kitchens, Corn Stores, Floors of Warehouses, and every description of Pavement laid in the above low prices, and the work guaranteed.—Apply to JOHN PILKINGTON, BITUMEN PAVEMENT OFFICE, ROSEMENT CHAMBERS, 11, Fleet-street, HILL.—N.B. Country Agents and Railway Engineers and Contractors supplied with the best bitumen for covering bridges and arches.

PAVING, at 33s. PER 100 FEET.—Other Goods equally low.—BUILDERS are invited to inspect the quality, and the prices will be found very much reduced, a list of which will be sent free on application. Country Builders are informed that the wharf is most conveniently situated for carriage by railway or canal.—E. and W. STURGE, Bridge-wharf, Croydon.

TERRA COTTA AND SCAGLIOLA manufactured by J. M. BLASHFIELD, Mill Wall, Isle of Dogs, and sold at No. 1 Wharf, Pound street, Paddington. Vases, statues, friezes, capitals, coats of arms, chimney shafts, cornices, flower pots, and all ornamental work required to stand wet and frost without crumbling or changing colour, may be had at nearly the same cost as cast iron in cement.

Terra Cotta is more durable than iron, granite, marble, or stone, and may be made of black, red, and light cream colour of every shade. It can be more accurately and delicately wrought than either stone or marble, and architects can have their own designs modelled and fired in this material without mutilating and the chance of imperfect from the hands of the artist.

PRIZE MEDAL for TERRA-COTTA to H. H. BLANCHARD, late of Cande's Original Works, having awarded for quality of Material and Workmanship. H. H. B. begs to solicit the attention of the Nobility, Gentry, Architects, Builders, &c., to this invaluable and imperishable material that has been and is now adopted by our eminent Architects and others in the adornment of our London buildings; its being applicable to friezes, cornices, friezes, capitals, panelling, finials, terminals, Tudor and other chimney-shafts, balustrading, pinnacles, fronts, tazzas, vases, coats of arms, devices, ornamental ridging, and every description of architectural embellishment at prices, &c., defying competition.

Works, King Edward-street, Westminster-road, London.

EXHIBITION PRIZE MEDAL!—HANDYSIDE and PARSONS beg to draw the attention of Architects, Builders, and Others, to their PATENT STONE, which, in its composition, differs essentially from all other artificial productions for a similar purpose—First, forming the same in character, texture, and appearance. It is made to resemble every kind of natural stone, at pleasure, from the finest marble to the coarsest sandstone, and to possess all their valuable and enduring properties, whether having light to any of their colours. It is especially applicable to all kinds of ornamental dressings, cornices and mouldings, fountains, balustrades for terraces, walks, roads, and verandahs, &c. &c.; also for all varieties of plain and ornamental flooring. In price it is far below the cost of any natural product, and, in many cases, can be furnished at less than ordinary cement. Vases, Figures, Dressing, or other Works of Art, can be produced in the fine 1 Patent Stone as readily as in Plaster of Paris.

IMPORTANT TO WATER COMPANIES, MANUFACTURERS, AND THE PUBLIC.

Handyside and Parsons beg to call the attention of Water Companies, Manufacturers, and others to their PATENT STONE FILTERING SLABS, which are capable of filtering from 200 to 300 gallons of water per superficial foot per day, with a head of water varying from 3 to 4 feet. These slabs can be produced to any required dimensions, and, consequently can be adapted to any cistern, tank, or reservoir. By a simple preventionary arrangement, they are prevented from being in any way choked or impeded in their action. Price 2s. per superficial foot.—Full descriptions and prices of their other descriptions of Filters will be supplied on application.

IMPORTANT TO BRICKMAKERS AND CONTRACTORS. Handyside and Parsons are also the Proprietors of HALL'S PATENT BRICKMAKING MACHINE, capable of moulding 10,000 Bricks per day and upwards, which are superior to those usually turned by hand, and are produced at considerably less cost.—Communications to be addressed to the Patentees, Messrs. HANDYSIDE and PARSONS, Flint-wharf, Ipswich.

BATH WEATHER-STONE.—For Combe Down and Box Hill Ground Stone of the best quality, apply to HENRY STONE, Quarryman and Stone Merchant, Box, near Bath.—N.B. Orders shipped and delivered to any part round the coast on the most reasonable terms.

Medieval Works, Memorials, Fonts, Screens, etc.

AT A VERY ECONOMICAL RATE.

SAMUEL CUNDY, Mason and Builder, PIMLICO MARBLE and STONE WORKS, Belgrave-road, lower end of Pimlico.

GOOD MARBLE CHIMNEY-PIECE FOR FORTY SHILLINGS.

A liberal discount to the Trade.

MARBLE WORK in all its branches, at a remarkably cheap rate, for HALLS, PARLOURS, LANDERS, &c. &c.

Circulars sent on application.

N.B. The "Royal Mail" omnibus goes the Works every ten minutes from the Bank.

MARBLE. — Mr. J. FABBRICOTTI, Proprietor of Marble Quarries at Carrara, Italy, begs to inform the Gentlemen connected with the Marble Trade, that he has established in London the most extensive Depôt in the United Kingdom of STATUARY, Veined, Statuian, Dove, and Black and Gold MARBLES, the produce of his own Quarries.

CARRARA WHARF, Thames-bank, Pimlico, at the foot of Vauxhall-bridge. Office, 6, Crescent-terrace, Millbank.

Mr. THOS. THOMPSON, Agent.

MARBLE.—The Trade can be supplied at the very lowest prices and with a large assortment of all descriptions of MARBLE, in slabs of the very best quality, at WM. WATES' Marble and Slate Wharf, Crescent-road, Millbank.

N.B. Marble Dust carefully selected and packed in secure casks for all parts of the country.

MARBLE in SLAB.—VEIN and other MARBLE in SLABS well SAWN.—Masons, Builders, and others, instead of purchasing marble in blocks, are advised to select from the largest, choicest, and cheapest stock of sawn Marble in London. Marbles of all descriptions in general use at the lowest prices; and customers buying their marble in slab have the opportunity of choosing the figure and freedom from stain much better than when in block.

JNO. HOLMES, Agent.

Marble and Wood Sawing Mills, Commercial-road, Pimlico.

TRIESTE MARBLE.—Marble Merchants, Statuaries, Masons, and others are respectfully informed that a very superior MARBLE from TRIESTE can now be supplied for the London market, at a less price than any other imported.—For prices, &c., apply to Mr. G. H. CLARK, Devon House, Grosvenor Wharf, Horseferry-road, Lambeth, in England for the sale of this marble. Specimens may be seen at the above wharf and at the Office of "The Builder," 1, York-street, Covent-garden.

ITALIAN and GALWAY MARBLE QUARRIES Depôt—Whitehall Wharf, Portsmouth-street, Westminster, London.—Mr. FRANKLIN, one of the Proprietors of the above Quarries, begs to inform the Sculptors, Marble Masons and Builders that he is constantly receiving Shipments from Italy and Ireland, and invites them to inspect the same at this depôt, Westminster, as they will find the quality, price, and terms worthy their attention.

Slope for Irish Flagging squeezed, as laid down at the Exhibition and Galway Railway, 6d. a foot, sup. Office hours, Eleven to Three. Terms six months.

Ditto, for Masonry in 6d.	ditto	ditto	
Ditto, Ashes.....	8s. 6d.	ditto	ditto
Blank ditto.....	5s. 6d.	ditto	ditto

In not less than Six Yard quantities, and put on the Railway for all goods stations on the London and Brighton, and South Eastern Railways, or limes now vested with them. A fresh supply hot from the kilns daily, at the Breakwaters' Arms and Croydon Stations, and delivered to all parts.

HOPE, Agent.—Price, 2s. per yard at the stations or works; 4s. per yard delivered within five miles; in not less than 5-yard quantities. Hoarding, 2s. per yard; in per yard off, if paid monthly. Collecting charged 5s. The Quality is warranted to be the Best. Address Merthyr, near Holgate, Croydon; or Youl's place, Old Kent-road.

TO ARCHITECTS, BUILDERS, &c.

ALL descriptions of TERRA COTTA, CEMENT, and PLASTER CASTINGS executed in a first-rate manner, on reasonable terms, by J. HERBERT and SON, Modellers, &c., 61, Parker-street, Drury-lane. A splendid assortment of Corinthian, Ionic, and other Capitals; Centre Flowers, Pedestals, Trusses, &c.; Chimney-tops and other Chimney Shafts.

PARIAN CEMENT for internal use, to be PAINTED IN A FEW HOURS, AND PAPERED WITHIN A COUPLE OF DAYS.—CHARLES FRANCIS and SONS, Patentees, Nine Elms, London.

PORTLAND CEMENT, in Casks of Four Imperial Bushels. QUANTITY NOT WEIGHT, BEING THE STANDARD.—CHAS. FRANCIS and SONS, Cement Works, Nine Elms, London.

PORTLAND CEMENT.—JAMES WESTON, having commenced manufacturing the above Cement, begs to inform the trade in general that he can supply them with any quantity they may require, either at his Works—Mill-wall, Poplar; St. Andrew's Wharf, East street, Blackfriars; or Middle-scotland-yard, Westminster, Manufacturer of Roman, Lias, and Mastic Cements, French and English Plaster, &c.

6, South Wharf, Paddington.

PORTLAND CEMENT.—CHARLES RICHARDSON has the greatest confidence in recommending to the trade the above superior CEMENT, being of uniform colour and quality, in consequence of never having obtained his Portland Cementstone, &c., from extraordinary distances, and which combines the action of frost and heat, and in many durable ways many other Cements; does not vegetate, turn green, or smut, completely with which his eminent hydraulic property makes it of more use than Cement of the day for work where all the above qualities are requisite. It is manufactured on the only principle Portland Cement can be, and constantly to the entire satisfaction of those who have hitherto had the monopoly. Manufactured by R. GREAVES, Esq., at his Works, near the River Avon, and sent to all parts of the kingdom per boat or rail, at a reduced price to the trade.

PATENT PORTLAND AND ROMAN CEMENTS.—WINKFIELD, NELL, and Co., of East Greenwich, Kent, having now completed some heavy contracts, are prepared to execute orders to any extent for either of the above Cements, which they are quite prepared to prove equal to any others in their cementitious qualities at present manufacturing. Many highly respectable references can be given where their Cements have been successfully used. Orders addressed to their Works will be punctually attended to, and terms most liberal. Where quantities are used a reduction in the selling price will be made.—Agent at Southampton, Mr. GEORGE SHARPE, Union Wharf.

BRICK BEAM at the EXHIBITION BUILDING, Erected by J. B. WHITE and SONS, MILLBANK-STREET.—For diagram and description of this beam, constructed of Portland Cement and Hooper Bricks, broken down with a weight of 4 tons 10 cwt. on September, 1851, in presence of the Jury of Class 37—See "The Builder" Nos. 27, 28, 30, 31; and "Times and Chronicle, Sept. 29.—Exhibition Artists.

JOHN BAZLEY WHITE and SONS, MILLBANK-STREET, Westminster, Manufacturers of WHITE'S PATENT CEMENT of the best quality. ATKINSON'S CEMENT, made from Whitby stone, imported from the Malgrave Estate, and ROMAN CEMENT, made of Sheppy and Harwich stone.

These cements are all used for external purposes, either for Brick work or to Stucco.

For internal uses their Manufactures and Co.'s—
KEENE'S CEMENT,
PARIAN CEMENT,
FRENCH PLASTER;
The qualities of which are well known as quick drying and hard setting, that can be ground upon either in a few days.

Warehouses in London are—
Millbank-street, Westminster;
South Wharf Road, Paddington;
Rent-street, Shoreditch; and at
Southstreet, Liverpool.

PERMANENT STUCCO WASH, WITHOUT SIZE OR OTHER CORRUPTIBLE INGREDIENTS.

As used at St. Germain's Hospital, Hyde Park Corner.

JOHNS and CO. having effected some improvements in the manufacture of this very useful material, confidently offer it to the notice of the Trade and the Public generally, as possessing every advantage over the common Lime Wash or Whitewash for OUTDOOR or BRICK WORK. In its Stucco Polymer, that may be tinted to any colour.—JOHNS'S HOT WASH OFF.—to perform dry in twenty-four hours, and, being a monochromatic, is admirably adapted for Railway Stations, Union Workhouses, Barracks, Schools, Prisons, &c. One coat will cover the square yards. It will last good for fifteen years, and MAY BE EFFECTED WITH PERFECT SAFETY.

JOHNS and CO'S STUCCO CEMENT.—The cement from the great reduction in price and its contributions for internal as well as external purposes, places it above all other materials of its kind; as has no caustic qualities (may be painted or papered in a few days); never blisters, cracks, or repairs; can be laid on as thick or thin; and may be obtained with a variety of colours.

The merits of the PAINT are well known for its application to stucco work of all kinds, and external work generally. Numerous testimonials, prospectuses, and every information may be obtained, on application to the Sole Agents, PHILIP MAKE, and Co., at the Warehouse, St. Saviour yard, Upper Thames-street. A liberal allowance to wholesale dealers.

MEDINA (ROMAN) CEMENT.—The material of which this cement is made is obtained in the Isle of Wight. It has all the properties of the Sheppy Stone, but is much better adapted to engineering works, from the superior cold which it sets and hardens under water. It has been used at the great Breakwater at Cherbourg, in a similar work at Aldernay; and at Dover new pier, to unite the masonry. The foundations of the centre pier of the Tubular Bridge at Menai Straits is laid in Medina Cement. A new quarry at Shanklin bay, Isle of Wight, has been commenced of an other material but this cement and the shingle. The work extends 1½ mile in length, and is exposed to the most violent gales of the Channel. In a position where every former constructions had been repeatedly washed away. The inconvenience of the varied qualities of Roman Cement are superseded by the use of this improved manufacture.

CHAS. FRANCIS and SONS, Cement Works, Nine Elms, London; or West Medina Mill, Newport, Isle of Wight.

Agents for Southampton, R. L. VLEDER, American Wharf.

GEORGE and THOMAS EARLE, CEMENT MANUFACTURERS, HULL.
